

This is the email message that you will receive from the person inviting you to join him/her on Reacts. Click on the **Join now** button.

You will be brought to the Reacts website to create your account.
Just enter a password and click on **Create my account**.

The screenshot shows the Reacts website's sign-up page. At the top left is the Reacts logo. The navigation menu includes links for Features, Plans, News, Support, and About us, along with buttons for Download and Sign Up Free. A dark bar on the right contains Log In and language options (en). The main heading is "Sign Up". The form fields are: Name (split into first and last name), Email address (pre-filled with name@something.com), Password (with a note: "The password must be at least 8 characters including at least one uppercase letter, one lowercase letter and one numeric character."), and Confirm Password. A checkbox for terms and conditions is present, and a blue "Create my account" button is at the bottom.

The Reacts web application will launch. Make sure you then **Allow** the application to use your camera and microphone, and also allow notifications.

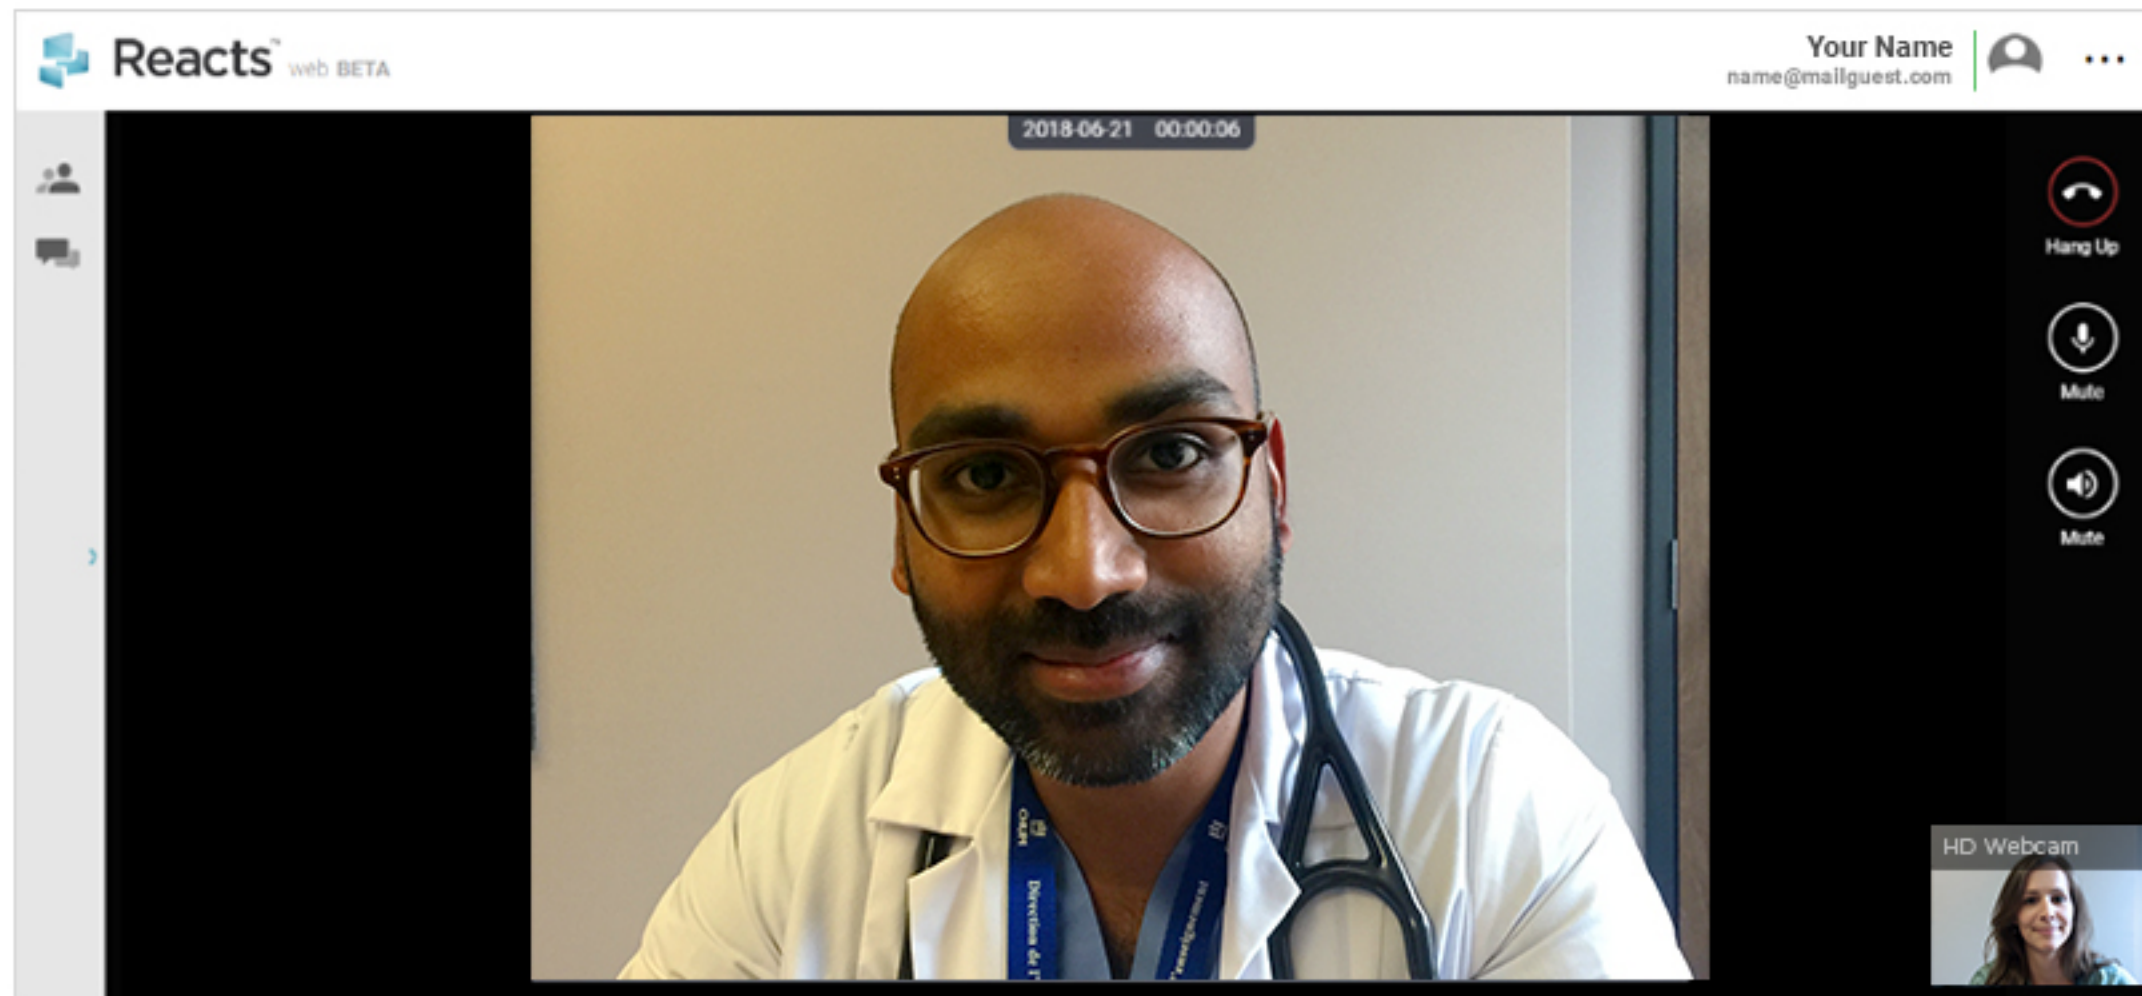

You will then get to the home page. In the **Contacts** section, you will see the names of the person(s) with whom you are connected as a Reacts guest.

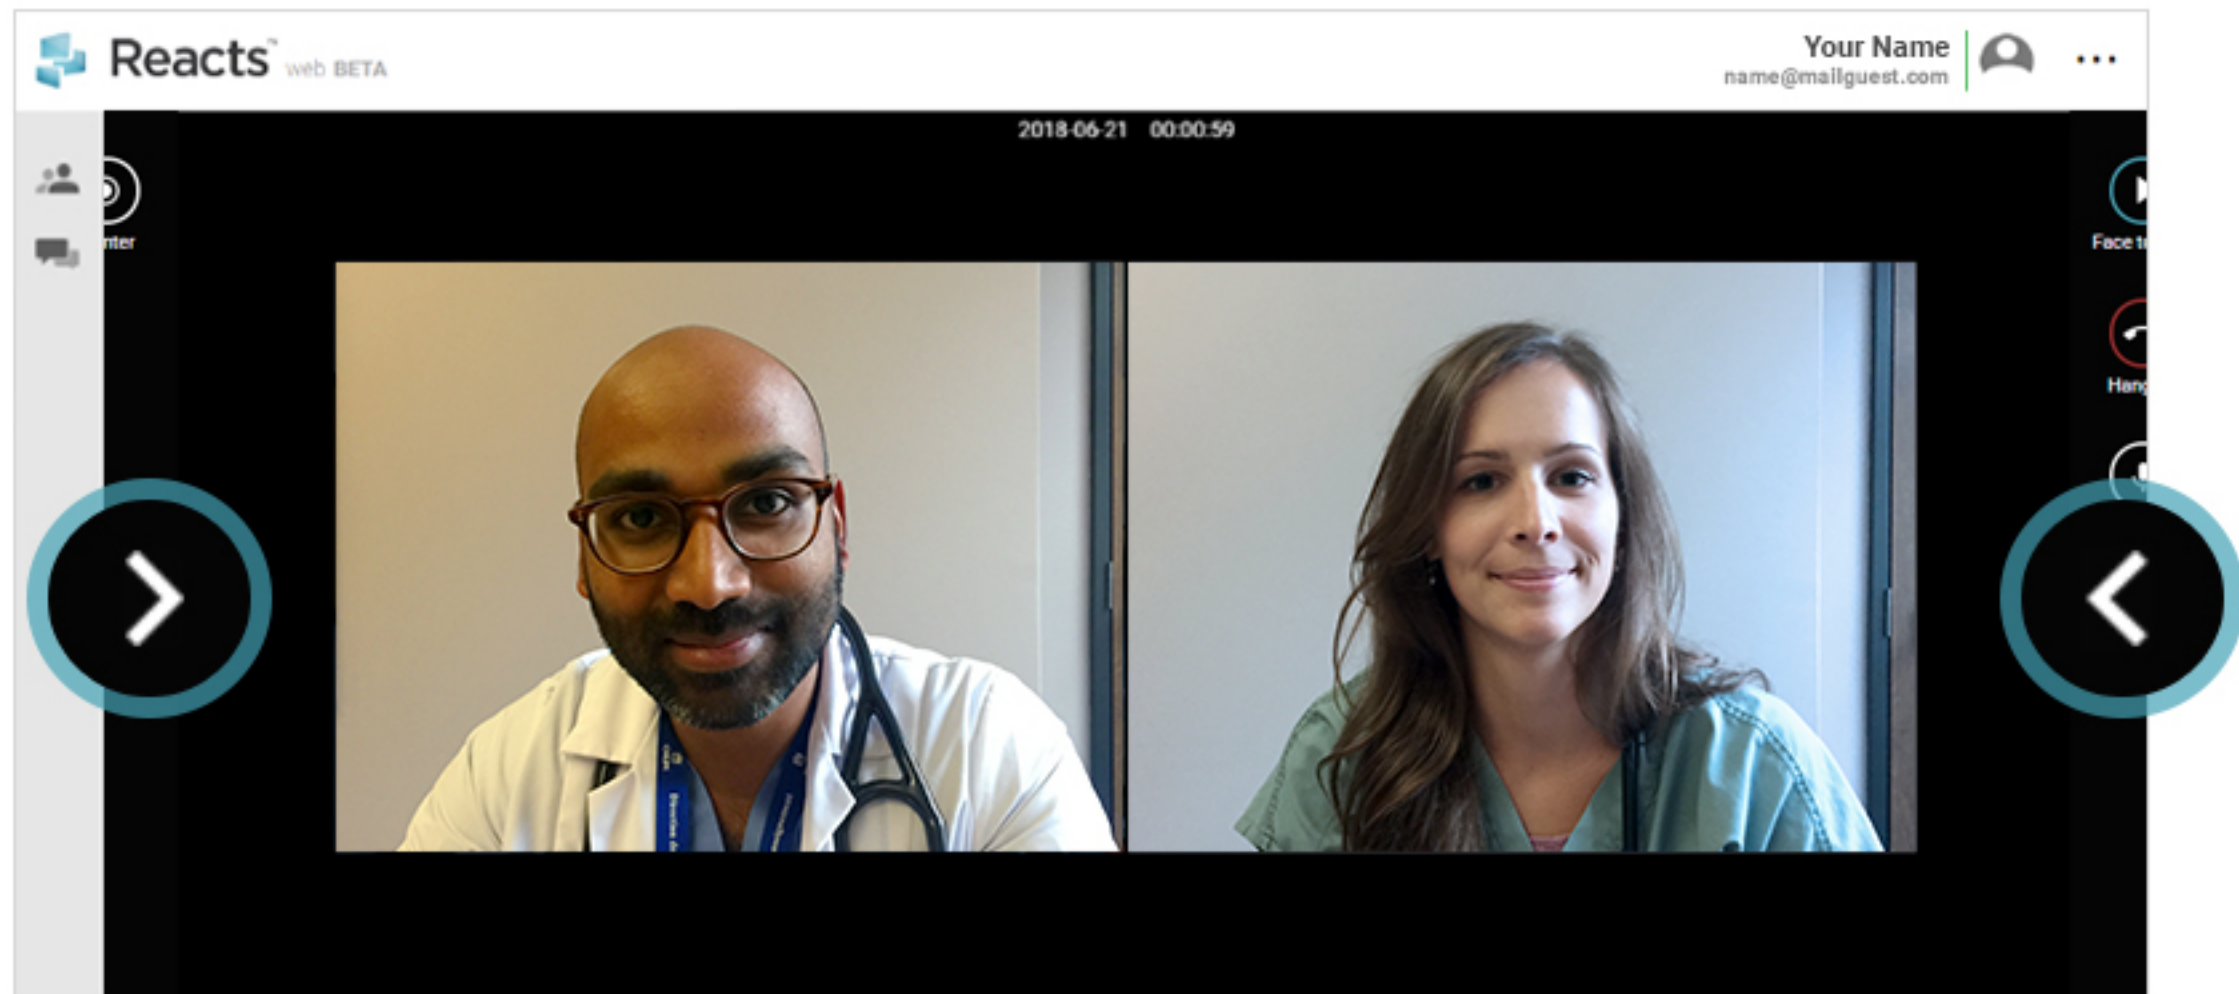

When your contact calls you on Reacts, just click on **Answer** to accept the call.

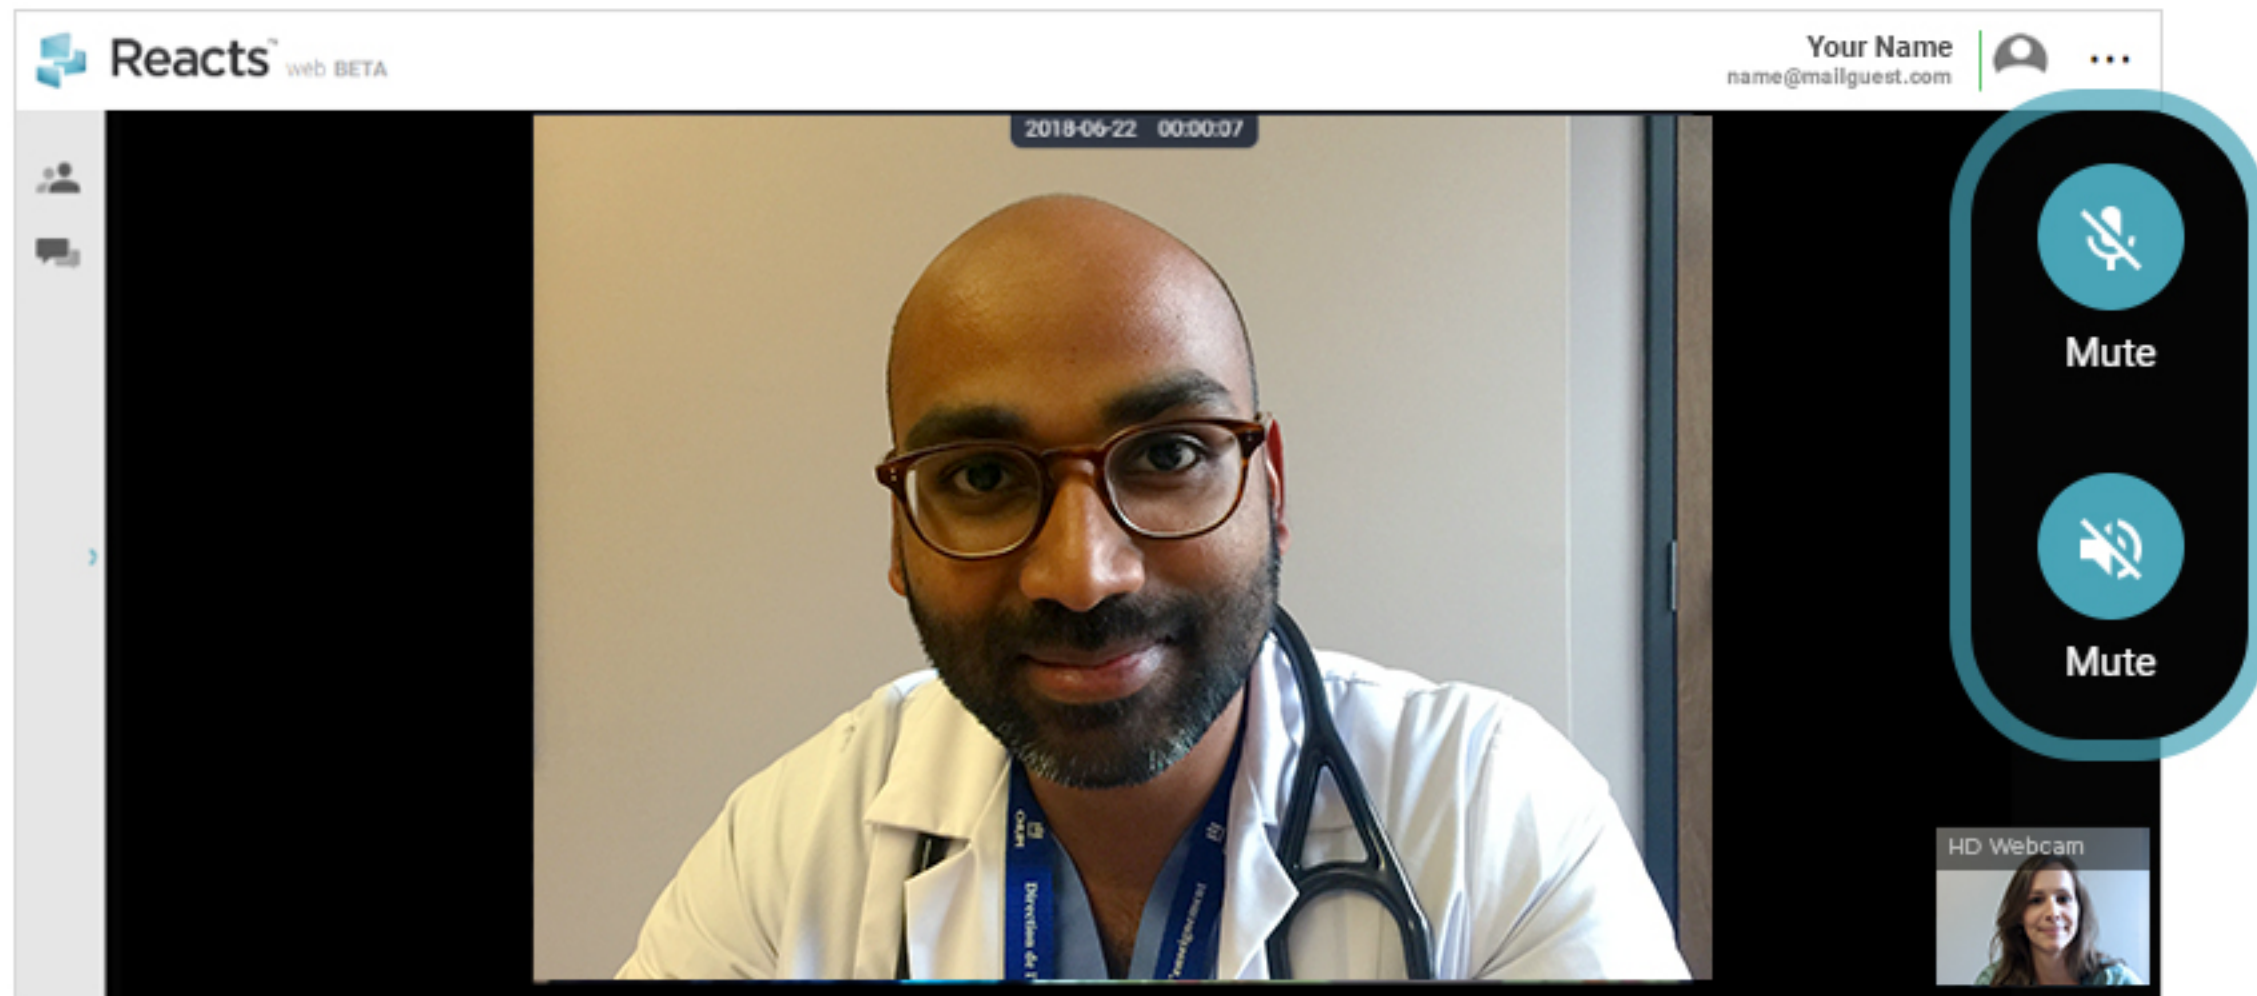

As soon as your session begins, you will be placed in **Face-to-Face mode**.

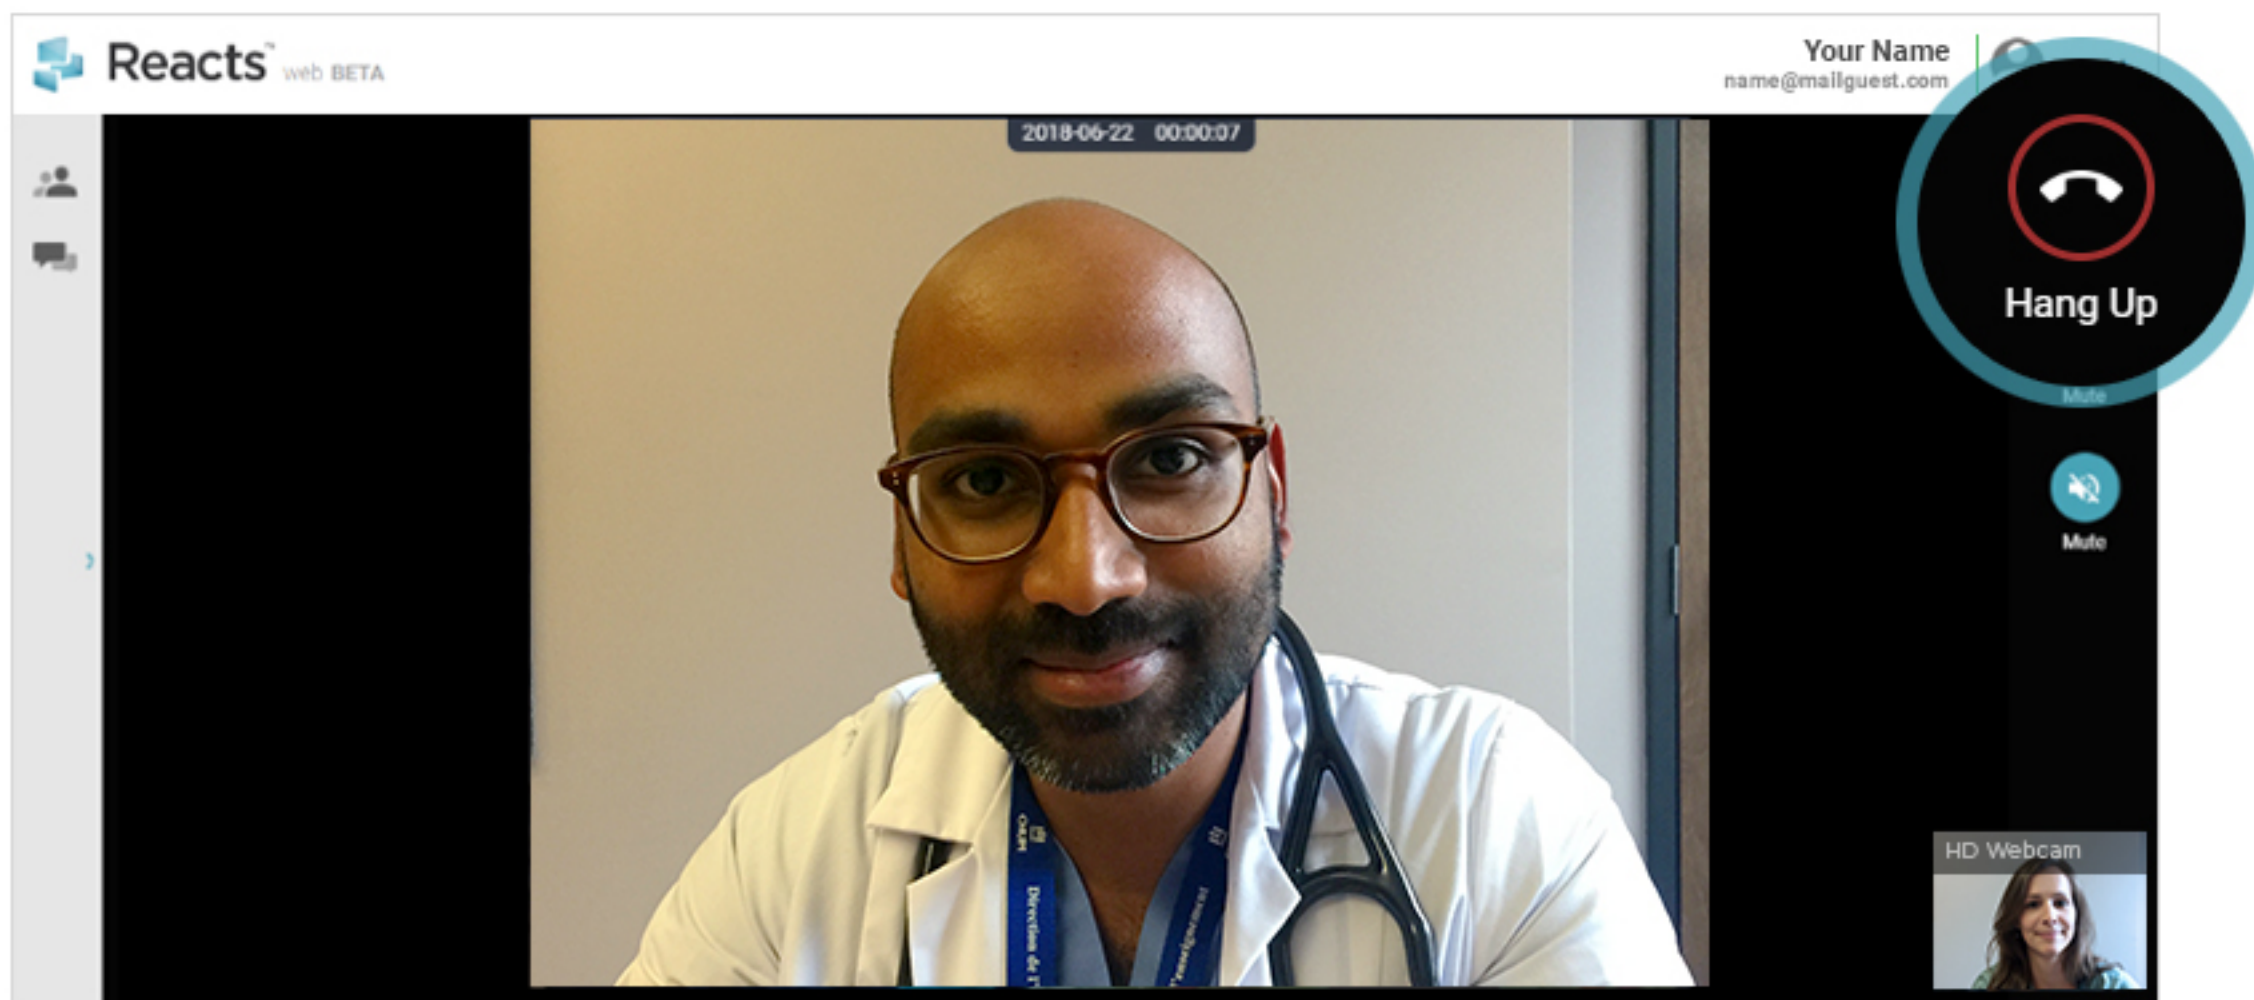

You can use the arrows on the sides of the interface to open and close the side menus.

If needed, you can mute your microphone and/or your speaker audio.

Click on **Hang Up** to end a session.

To log out, open the “...” menu in the upper right portion of the screen and click on **Logout**.
